AUSTRALIAN MADE®

HEAT CHARM
Keeping Australia Warm!

We have been proudly manufacturing in Australia for over 45 years.

Woodheaters have been the key to our business growth since the mid 1980's. Over the years our manufacturing of Woodheaters has employed hundreds of locals and contributed significantly to the local community — this is something we are extremely proud of. The acquisition of the Coonara brand in 2001 was made possible due to our earlier success in our contract manufacturing of Woodheaters and we are really excited about the newly introduced technologies that deliver Coonara Woodheaters with high efficiency heating and low emissions. This is a major step in the right direction for our environment.

Of course none of our success could be achieved without the support and dedication of our fantastic staff. We are a proud Australian manufacturer and we are proving that locally manufactured products can successfully compete with imported products. Your support is critical in helping keep the Australian manufacturing industry safe. We thank you for your continued support of Australian made Coonara Woodheaters. They really are an Aussie icon.

Yours sincerely

Eric Woodgate
Managing Director

HEATING WITH A DIFFERENCE

AUSTRALIAN MADE

When you want a woodheater with a difference then Heatcharm Woodheaters are the ones to choose.

With woodheaters that display the most amazing views, like the Port Phillip with its large and stylish self-cleaning bay view window to the Victorian which combines the latest innovations in slow combustion heating with an elegant timeless design, Heatcharm woodheaters are the automatic choice if you are looking for a new woodheater with a difference.

The new range of Console models come with a glass panel at the bottom and a slide out access draw to the 3 speed fan.

There is a new wider glass door to showcase the flames burning away. This new range is available in 3 stylish colours (Black, Charcoal, White) and can heat up to 33 squares*.

Our inbuilt Series 8 is a sleek design with a wider Glass Door which comes in a Satin Black or Charcoal painted finish. Heatcharm woodheaters are beautifully engineered and will set your senses soaring. Choose the woodheater with a difference.

The Series **8 I -600 Inbuilt Woodheater** with its sleek design and wider Glass Door pictured in Charcoal.

Slide out Access Draw to 3 speed fan

C-500 CONSOLE SERIES 8

This stylish and modern freestanding woodheater will enhance the look of any home. The C500 will comfortably and economically heat up to 24 squares* of open plan living. The large 3 speed fan and cast iron liners provide superior heat transfer. It has a wide self cleaning glass door which showcases the flames burning inside the firebox. It also has an access draw which is easy to open to clean out your room fan.

NO FIREPLACE NECESSARY

With a Heatcharm Zero Clearance Box, you can install a Heatcharm woodheater without the need of a conventional brick fireplace and chimney. The Z Box allows you to install an inbuilt woodheater directly onto a floor using 18mm villaboard. Detailed installation instructions, with clearances to combustible materials, are available from your Heatcharm dealer.

***The Series 7 and 8 depth is 700mm.**

FEATURES

- Australian Made
- 10 year firebox warranty
- Durable cast iron lines & Baffle Plate
- 3 Speed Fan
- Heating Capacity (Refer Back Page)

IMPORTANT*: Heating areas provided are based on open plan living areas and 2.4 metre ceiling height. **Note:** Lack of insulation, large window areas and cathedral ceilings reduce heating effectiveness. **Note:** The overall dimensions for the Victorian units do not include the Cast Iron Fascia.

Based on our current state of knowledge, all of the information contained in this brochure was correct at the time of printing, January 2025. However, the manufacturer reserves the right to make changes to design and specification without notice. You can confirm current designs, specifications, optional extras and financial details by consulting your nearest authorised Heatcharm dealer.

Please note: Due to the nature of the printing process, colours may vary from those shown in this catalogue. Ask your dealer to show you a colour sample.

Heatcharm Warranty

All current model wood heaters are warranted to be free from defects on material and workmanship under normal use and service. The warranty of the actual firebox, excluding baffles and liners is 10 years to the initial purchaser. All other components (except accidental breakage of door glass) are warranted for a period of 12 months. For the full warranty statement refer to the relevant Installation Manual available on our website www.heatcharm.com.au.

Shamic goods come with guarantees that cannot be excluded under Australian Consumer Law. The purchaser is entitled to a replacement or a refund for a major failure and compensation for any reasonably foreseeable loss or damage. The purchaser is also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Environmental & Efficiency Standards

Heatcharm heaters comply with Australian Standards AS/NZ 4012/4013. Power Output, Efficiency + Emissions
