Rinnai

Gas Fires

Contemporary Heating

It’s The Real Thing

Stunning Fireplace Without The Hassle

There’s nothing more appealing than cosying up to romantic flickering flames. Framed in a sleek and modern casing, Rinnai’s range of Gas Fires offer the relaxed ambiance of traditional fires without all the mess and hassle that goes with owning one.

Skilfully crafted with the latest technology, our Gas Fires push conventional boundaries by replicating the feel of a real fire with an efficiency of up to an impressive 5.5* star energy rating.

Designed with meticulous attention for detail and installation flexibility, the range suits a wide range of applications. From retrofitting into existing fireplaces to easily fitting into new homes, Rinnai Gas Fires will create a stunning centrepiece and bring warmth into your home.

*Star rating depends on installation and flueing configuration

1stCare

We're at your Service

1stCare, Rinnai's national service network, provides expert service and service maintenance for Rinnai Group units, including Rinnai, Brivis, APAC, Polo, and select iZone and Kaden products. Our fully qualified technicians use only genuine spare parts for fast, reliable service.

Service, repair, and warranty assessment works are conducted 8:30am – 5:00pm AEST, Monday to Friday (excluding public holidays).

Call us on 1300 555 545

Optimising Performance

Follow the service maintenance schedule applicable to your product and carry out any routine user maintenance as outlined in the Operation Manual and/or Warranty Booklet provided. These simple steps help keep your units efficient and reliable, so you can enjoy the full Rinnai experience year after year.

At Rinnai, We're all About Comfort

For over 50 years, Rinnai has supplied Australian homes with a range of appliances that help people lead comfortable, safe and efficient lifestyles.

Being driven to create comfort means that we really care about our products and your experience from start to finish. We're focused on developing products with the latest technology and our level of quality is second-to-none, so you can rest assured knowing Rinnai will deliver.

650 & 750

Experience Real Radiance

650 & 750

The Rinnai 650 & 750 Gas Fires are the perfect solution to creating an ambient atmosphere. Experience the latest in design innovation, featuring Rinnai's exclusive ember bed technology.

With a flush, thin frame and wide viewing glass, these captivating Gas Fires create a beautiful look that will catch the eye of any design conscious individual.

Designed specifically to suit existing fireplaces with narrow dimensions, the 650 & 750 Gas Fires are ideal for smaller spaces.

All Rinnai 650 & 750 Gas Fires come with an easy to use remote, with room temperature display and flame control.

Features

- High heat output up to 6kW of warmth
- Unique ember bed technology
- Easy to use remote, with room temperature display and flame control
- Wide viewing window with minimal frames
- Double glazed front - no need for a mesh guard, enhancing visual aesthetics
- Designed for replacement, renovations or new homes
- Available with either natural wood or glowing stones
- 3 or 4 sided fascia options available
- Wi-Fi (optional)

650 / 750 - Matte Black

650 / 750 - Titanium Grey

750 - Matte Black XL

650 / 750 - Glowing stones

650 / 750 - Natural wood log set

SS850

A Touch of Luxury and Design

SS850

Inbuilt

Inspired by the much-loved Rinnai Sapphire, the SS850 is a stylish and versatile gas fire that is perfect for most homes. The modernised aesthetic, and the replacement of the glass heat shield with a barely visible mesh will ensure the SS850 will be another firm favourite Rinnai gas fire.

Freestander

With simple modern lines, the SS850 is the perfect no-fuss replacement for a freestanding woodburner. The glowing logset and realistic flame picture will bring ambience and warmth to those cold winter nights. With a number of base options available, the SS850 has a look to suit your home.

With unique, modern style, the SS850 provides design flexibility that can be integrated into any living space. The Freestander is designed to be installed on a choice of fixed furniture, giving unlimited design opportunities.

Features

- 3.9 Star energy efficiency
- High maximum heat output of 6.6 kW
- Subtle barely visible mesh guard
- Two base options available cabinet and plinth (shown below)
- Uses the coaxial direct vent flue system, sealed from the room
- Capable to be Wi-Fi enabled (with the addition of the Wi-Fi module)
- Available in LPG and Natural Gas
- Includes 'simple-to-use' infrared remote control

950 & 1250

Gas Fires with Wide Appeal

950 & 1250

The 950 & 1250 Gas Fires create a bold statement but flick off the light in the room and romantic dancing flames come alive.

More than just a design feature both the 950 & 1250 Gas Fires come equipped with high-performing heat exchanger technology, rapid warm time & easy-to-use remote - all this with an incredible 5.5 star energy rating*.

The combination of modern fascia designs and burn media options provide you with the ultimate flexibility to create a space that is truly your own. With optional side reflectors, the Rinnai 1250 also delivers an enhanced flame effect by creating depth for a more ambient surrounding.

Features

- Incredibly energy efficient 5.5 star energy rating*
- Powerful heating performance over 8kW (950) & 8.4kW (1250), perfect for open plan living and large areas**
- Modern or classic? Select either pebbles or logs to suit your style
- Stainless steel or black? Select a fascia option to match your tastes
- Safety mesh guard to provide peace of mind and eliminate reflections
- Easy to use remote, with room temperature display and flame control
- Flexible flueing options
- Wi-Fi (optional)

950 - Black on Black with Pebbles

1250 - Stainless Steel with low flame

Australian Eucalyptus log set

950 - Stainless Steel on Black with Eucalyptus Logs

1250 - Black on Black with Eucalyptus Logs

Glowing Pebbles with optional side reflector panel

*When installed using extended flue.

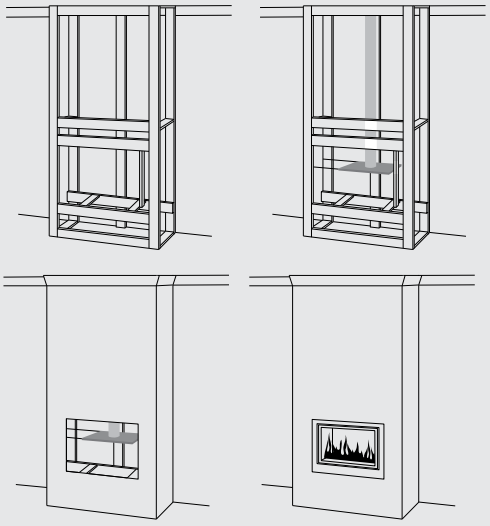
Installation Options

Creating a False Fireplace

Whether you are building a new home, working through a major renovation or just want to revamp your living room, the Rinnai zero clearance option is the perfect solution to creating a new space.

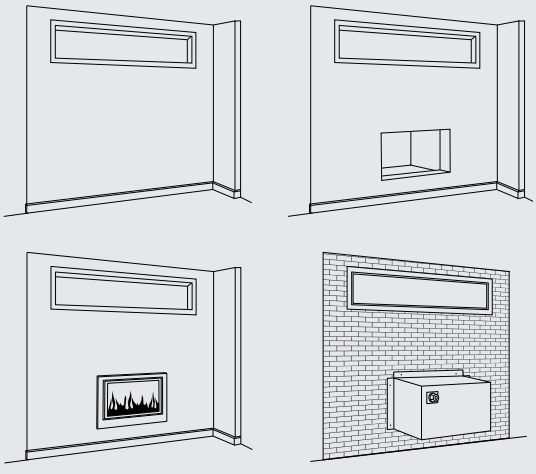
If your home doesn't have an existing fireplace, creating a false fireplace is the next best thing. To ensure an easy installation into a timber frame or other combustible materials, the Rinnai SS850, 1250 and 950 are designed with an integrated zero clearance box.

The 650 and 750 require an additional zero clearance frame.



Weatherproof Box

For an alternative installation to a false fireplace, the Rinnai 1250, 950, 750 & 650 can be installed into a weatherproof box. A cavity is cut into the existing blank wall and the fireplace is installed onto a bracket that allows the back of the fire to sit outside housed in a tightly sealed box. This option allows the fire to be built into an existing wall without taking up any extra space in the room. The weatherproof box is sold separately.



Existing Masonry Fireplace

Another great option for many homes is installing a Gas Fireplace into an existing brick chimney. Turn an unused fireplace into a stunning feature or replace an existing Gas Heater with a Rinnai Gas Fireplace to create the ultimate solution for comfortable living. The Rinnai SS850, 650 & 750 are designed to suit existing masonry fireplaces.

*Star-rating depends on installation and flueing configuration.

Rinnai Gas Fires appliances are fitted with either a 'heat guard mesh' or layered glass as the primary safety guards. Some installations, for example where young children are present, may require the purchase of an additional, third party safety guard. For more information please refer to owner and installation manual accompanying the heater
With our policy of continuous improvement, we reserve the right to change, or discontinue at any time, specifications or designs without notice.
